Welcome to
Your Wedding
on the
Thornbridge Estate...

Thornbridge Hall is a Grade II listed stately home nestled amongst the rolling hills of the Peak District. Set in 100 acres of stunning park land, it is the family residence and private home of Jim and Emma Harrison. The Hall and its 14 acres of formal gardens have been lovingly restored and is now recognised as one of the most exclusive and exciting luxury wedding and events venue in the country.

We have hosted hundreds of weddings at Thornbridge Hall and offer a completely bespoke wedding service where you can create a personalised and unforgettable wedding day.

Our experienced team and your dedicated wedding co-ordinator will help you plan and manage the day from start to finish. With exclusive access to the venue, you can choose which unique spaces you want to use on the day to create a truly memorable wedding with stunning photography.

We want the food to be one of the highlights, our award-winning caterers will create a bespoke menu for you, tailored to your tastes and preferences. We don't offer set menus so every wedding breakfast is personalised and unique here at Thornbridge Hall (you can even choose your cutlery and crockery).

We cater for both small intimate weddings and for larger celebrations (up to 250 guests). We are also the only wedding venue in the area that has its own brewery and so we can stock the bar with plenty of local Thornbridge Brewery beer.

The Gardens

Our 13.5 acres of formal gardens surrounding the hall make a stunning backdrop for your photos.

The South facing lawns provide uninterrupted panoramic views over our parkland to Ashford-in-the-Water and are the perfect location to catch the afternoon sun whilst sipping a celebratory glass of Champagne. They also make a stunning backdrop for your photos.

The Italian Gardens is an elegant area using hedging, statues and a fountain to create a stylised impression of an Italian landscape.

The Scented Terrace

Scented by name, scented by nature - this section of the garden is planted with English Roses, Bearded Irises, Lilies, Monarda, Honeysuckle and Agastache and a wide variety of other textural and scented plants. The garden adopts a luminous quality come the evening which creates a magical backdrop for photos
